

Bell Creek Nature Preserve
10940 McMullen Road
Riverview, 33569

Saturday, October 19, 8 a.m. – 11:30 a.m.

Leaders: Will Laurie, Gina Kent, Adam Kent, and Josiah Patrick

This 477-acre Hillsborough County Environmental Lands preserve provides protection for grasslands, oak hammocks, and pine flatwoods plant communities and is a greenway corridor for wildlife. Trails provide access through different habitat areas with mature trees and a varied understory, as well as open areas dominated by grasses and herbaceous species. Warblers, thrushes, tanagers, woodpeckers, hawks, and a variety of neotropical migrants are expected.
